Our Ref: MVC 21-02 Grove Road

Date: 4th September 2023.

Dear Resident,

Ref: Grove Road junction improvement scheme.

This letter is to give advance notice of work to improve Grove Road at its junction with College Road, including narrowing the junction, introducing a raised table, and installing three new rain gardens. This work will commence on **Monday, September 11**, with construction expected to take 4 weeks and be completed by **Friday, October 6**.

During the works, there will be a full road closure of Grove Road at its junction with College Road. Traffic will be diverted via College Road, London Road, and Avenue Road. There will also be some footway restrictions, although pedestrian access will be maintained. Some elements of these works will produce noise, which we will seek to minimise. Advanced warning signs will be in place to let all road users know when the closure will be in place.

We recognise that this work may cause some inconvenience, but we hope to keep them to a minimum and anticipate that the overall impact will be minimal.

If you have any specific needs that we should be aware of during the works, please let us know via our website www.hounslowhighways.org or telephone the call center on 020 8583 2000.

Please accept our apologies for any disruptions, which are an inevitable consequence of delivering this significant investment into the borough's streets.

To keep up to date with planned works in your area, visit the My Works page on our website: www.hounslowhighways.org or you can follow us online – Twitter - @HounslowHighways - for all updates.

Yours faithfully,

A handwritten signature in black ink that reads 'Asad Saleem'.
